

RUTRONIK TECHTALK MEETS
ADVANCED ROBOTICS
JULY 05 & 06, 2022 | ONLINE

LET'S GET TO THE NEXT LEVEL

Advanced Robotics is a key technology for the industry of the future. Through the use of advanced robotics, machines can react to their environment and act independently. Factories control production processes themselves.

The path to the future has a clear goal: increase in productivity, efficiency, speed and quality. This not only gives companies competitive advantages such as faster time to market, increased flexibility and innovative strength. It also creates the basis for the business models of the future.

At **Rutronik TechTalk meets Advanced Robotics on July 5 & 6, 2022**, we will look together at various aspects of the next level of industrial production. Leading manufacturers such as **Intel, Infineon, Recom, JAE, Omron** and **Samwha** will present new and innovative developments and solutions for the industry of tomorrow.

Top-class experts offer comprehensive insights into topics such as **Connector Solutions for Advanced Robotics, Advanced Robotics Service and Industrial Sector Relay and Sensoric, Green Power Supplies for Advanced Robotics and Compute + Sensing: The (in)separable twins for Robotics.**

Join us to get to the next level! The team of experts is looking forward to meeting you!

AGENDA | TUESDAY, JULY 5, 2022

| Time | Supplier | Topic | Presenter |
|--------------|--------------|--|---|
| 11:00 | Recom | Green Power Supplies for Advanced Robotics | Steve Roberts - Innovation Manager Axel Stangl - Line Manager Recom |
| 12:00 | Lunch | | |
| 13:00 | JAE | Connector Solutions for Advanced Robotics | Dr. Levon Altunyan - Product and Marketing Manager Erik Tröger - Head of Connector Sales Mariarita Novelli - Line Manager JAE |
| 14:00 | Omron | Part 1: Advanced Robotics Service and Industrial Sector Relay and Sensoric | Gabriele Fulco - Product Manager Norman Majer - Line Manager Omron |
| 15:00 | Infineon | Infineon sensors and components enable Advanced Robotics | Jürgen Mann - Product Marketing Manager Severin Neuner - Application Engineer Thomas Kecipija - Product Manager Analog & Sensors |

The logo for RECOM, featuring the word "RECOM" in a bold, blue, sans-serif font with a red horizontal line above the letters.

The logo for JAE, featuring the letters "JAE" in a bold, blue, sans-serif font with horizontal lines above and below.

The logo for OMRON, featuring the word "OMRON" in a bold, blue, sans-serif font.

The logo for Infineon, featuring the word "Infineon" in a blue, sans-serif font with a red swoosh underline.

AGENDA | WEDNESDAY, JULY 6, 2022

| Time | Supplier | Topic | Presenter |
|--------------|--------------|--|--|
| 10:00 | Intel | Compute + Sensing: The (in)separable twins for Robotics | Miroslav Mlejnek - Head of Field Operations Intel RealSense Naga Karthick Kandasamy - Sales & Marketing Manager Robotics Johann Olteanu - Line Manager Intel Florian Schmäh - Product Sales Manager Boards Central Europe |
| 11:00 | Omron | Part 2: Advanced Robotics Service and Industrial Sector Relay and Sensoric | Gabriele Fulco - Product Manager Norman Majer - Line Manager Omron |
| 12:00 | Lunch | | |
| 13:00 | Samwha | Advanced Robotics Service and Industrial Sector | Noel Choi - Sales Manager Sven Jimenez - Corporate Product Manager Capacitors |
