Notice regarding product supply and delivery

Dear Customers,

Due to the spread of the new Coronavirus, the Philippine government has issued “Enhanced Community Quarantine” as of March 16th, 2020. In addition, the Malaysian government has issued “Restricted Movement Order” as of March 16th, 2020. In accordance with the issuance of those orders, the result of our negotiations with relevant authorities, and other circumstances, we have currently no other choice but to limit/reduce the operation of, and production at, our factories in the Philippines and Malaysia only to the extent permitted by the authorities. Further, there have been impacts on the production of our outsourcing companies and supply chains relating to our products, in both countries.

In light of the environment and circumstances relating to the new Coronavirus, we have taken every possible measures from the beginning so as not to disrupt our product supply for your company. However, we have now regrettably come to anticipate that the delivery of certain products for your company would be unavoidably delayed.

The product groups/packages for which delivery delays are anticipated are as follows.

<table>
<thead>
<tr>
<th>Factories</th>
<th>Product groups/packages for which delivery delays are anticipated</th>
<th>Delivery date</th>
<th>Remark</th>
</tr>
</thead>
<tbody>
<tr>
<td>Philippine Factory ROHM Electronics Philippines, Inc.</td>
<td>ICs, Sensors/MEMS, Transistors, Diodes, Resistors</td>
<td>TBD</td>
<td></td>
</tr>
<tr>
<td>Malaysian Factory ROHM-Wako Electronics (Malaysia) Sdn. Bhd.</td>
<td>Transistors, Diodes, LEDs</td>
<td>TBD</td>
<td></td>
</tr>
</tbody>
</table>

With regard to the above products, our sales representatives will separately contact you to explain about the situation and to discuss delivery dates of those products.

We will continue to closely monitor the situational changes and accordingly take every possible measures to minimize the impact of this situation on your company.

Sincerely yours,
Oliver Edelmann
Distribution Sales Director EMEA
