Subject: Covid-19 update

Dear Valuable Partner,

The situation with the Coronavirus pandemic continues to unfold. In order to strengthen the coronavirus prevention and comply with China Government Policy, business operations to remain closed until February 10th, 2020.

As of Feb 7th 2020, we have been notified that the China Government will inspect all factories to ensure they are complying to the health regulations ordered, it is including environment, safety materials, masks, gloves and handling procedures to ensure all factories and personnel will have proper protection.

Adam Tech has submitted the request for inspection with the China Government, we expect these inspections official approval.(Week 8)

Whilst there are challenges with logistics and transportation, we continue to explore all options and channels to ensure on-time shipments to our customers.

If you need additional information or any questions then please reach out to our Customer Service Teams

Thank you

Sincerely Yours,
