DIPTRONICS MANUFACTURING INC.

Supplemental Notice of Covid-19 Force Majeure resulting to delay delivery

16th August 2021

Dear Valued Customer,

Due to the outbreak of variant virus Delta in China and Vietnam, please be informed series of compulsive actions have been taken to prevent further epidemic spreads by local government.

Personnel are not allowed to commute across different provinces. Contract workers must return to home town in advance. In addition, 400 to 500 manpower shortages will not be able to fill in as scheduled. As the result, it's affecting 30%-40% of our production capacity and logistics operations in China and Vietnam plants of orders scheduled in August to October before the lockdown is lifted, some products will not be shipped as scheduled.

We will keep close monitoring on the epidemic, and adjust current manpower for production accordingly to reduce the impact.

Please accept our apologies if any delay or troubles may have occurred. We appreciate your continued support & understanding during the unprecedented difficult times.

Yours sincerely,

Export Sales Division | DIPTRONICS MANUFACTURING INC.
