Arezzo (Italy), January 30th, 2020

Dear Customer,

On December 31, 2019, the Wuhan Municipal Health Commission (China) reported a cluster of pneumonia cases of unknown ethology to the World Health Organization (WHO) in the city of Wuhan, in the Chinese province of Hubei.

Some local governments have officially announced a delay on the start of facilities after CNY. The opening dates have been scheduled as follows:

- Hong Kong: February 8th, 2020
- Shanghai: February 8th, 2020
- Shenzhen: February 10th, 2020

SECO will immediately inform you about any further evolution.

Moreover, I am glad to inform you that SECO, in order to prevent any potential issue, decided to establish a special team to monitor the evolution on a daily basis. Our factory's management team is working to monitor any updates regarding our supply chain in order to maintain our operational level under control.

We will be working diligently to provide feedback and updates as needed.

Angelo Pelsoni
Chief Operations Officer - SECO SpA
