## TO ALL VALUED BUSINESS PARTNERS

March 12th, 2020

### Coronavirus

We are all well aware of the fast spreading of the Corona virus around the world. We are monitoring the situation and any possible impact on Vincotech's business operations closely.

We have taken all necessary measures to mitigate the risk in our own facilities and within our supply chain.

As of now and to the best of our knowledge, we do not predict any negative effect on our deliveries.

Best regards
