50 *Years*

Our Portfolio. Unique.

360 - Degree Portfolio – Solutions for Your Company

Changing markets call for new solutions. With a service portfolio extending far beyond the area of just distribution, we have emerged as a major trendsetter and a source of first-class innovation. Indeed, we have established ourselves as a key interface between manufacturers and customers.
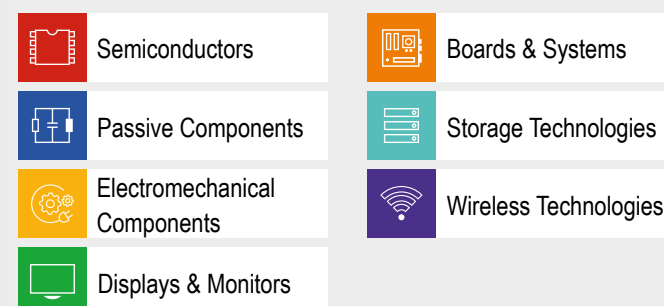

Thomas Rudel | CEO

To succeed at this level, it is essential that we always remain one step ahead of the game, that we identify new trends as they begin to take shape and that we define new benchmarks in service provision.

We call this approach "Intelligent Distribution". Boasting a product range that is unrivalled in breadth and depth, we have established ourselves as the largest independent European distributor of technical solutions for all product groups. Our unique portfolio is complemented by high-end logistic solutions tailored to customer requirements.

In addition to adjusting our services in line with market conditions, we are committed to shaping our business around customerstructures and market needs, as well as aligning our operations with manufacturers' product planning. First-class availability and on-time delivery are two additional milestones of our success.

In essence, "Intelligent Distribution" is about creating a finely tuned service. Only by achieving this balance can one deliver added value on all fronts: more products, more solutions, more service and more profitability.
Our Product Portfolio

- Semiconductors
- Passive Components
- Electromechanical Components
- Displays & Monitors
- Boards & Systems
- Storage Technologies
- Wireless Technologies

Committed to Excellence

Consult – Know-how. Built-in.
The Technical Competence from RUTRONIK
Worldwide and individual consulting on the spot: by competent sales staff, application engineers and product specialists.

Components – Variety. Built-in.
The Product Portfolio from RUTRONIK
Wide product range of semiconductors, passive and electromechanical components, displays & monitors, boards & systems, storage and wireless technologies for optimum coverage of your needs.

Logistics – Reliability. Built-in.
The Delivery Service from RUTRONIK
Innovative and flexible solutions: from supply chain management to individual logistics systems.

Quality – Security. Built-in.
Quality without Compromise from RUTRONIK
The integrated management system (IMS) encompasses quality control, information security, environmental protection, occupational health and safety.

More than 80 offices worldwide.
Over 1900 employees. Present in America, Asia and Europe.

Consult – Know-how. Built-in.
The technical competence from Rutronik

Worldwide and individual consulting on the spot: by competent sales staff, application engineers and product specialists.

- Worldwide and Individual Consulting
- Application Consulting
- Commercial Consulting
- Direct Contact to Franchise Suppliers

Components – Variety. Built-in.
The product portfolio from Rutronik

Wide product range of electronic components and embedded & wireless technologies for optimum coverage of your needs.

- Semiconductors
- Passive Components
- Electromechanical Components
- Embedded & Wireless
- Monitor & Displays
- Boards & Systems
- Storage Technologies
- Wireless Technologies
Logistics – Reliability. Built-in.
The delivery service from Rutronik

Innovative and flexible solutions: from supply chain management to individual logistics systems.

- Consulting
- Value Added Services
- Communication & Networking
- Logistics Fulfilment
- Logistics Modules
- Procurement
Quality – Security. Built-in.
Quality management without compromise

The integrated management system (IMS) encompasses quality control, information security, environmental protection, occupational health & safety.

- Certified Quality Management System
- Certified Environment, Health and Safety System
- Constant Monitoring of Processes

RUTRONIK AUTOMOTIVE

Body & Convenience · Drive Train · Chassis & Safety

Connected Car · eMobility · Consulting
Discover Innovation in Motion
AUTOMOTIVE Products

RUTRONIK AUTOMOTIVE offers innovative products of leading manufacturers for the automotive industry. RUTRONIK AUTOMOTIVE brings together entire solutions for the following topics:

- Body & Convenience
- Drive Train
- Chassis & Safety
- Connected Car
- eMobility
- Consulting

More information:
www.rutronik.com/automotive

RUTRONIK EMBEDDED

Wireless · Boards & Systems · Displays · Storage
Combine Technologies
Realize EMBEDDED Designs

RUTRONIK EMBEDDED will provide specific support to manufacturers of machines with focus on professional and robust applications:

- Digital Signage
- Industrial Control
- Medical
- Transportation

More information:
www.rutronik.com/embedded

RUTRONIK POWER

Industrial · eMobility · Home Appliance
Efficient. Robust. Scalable.
Design your Ideas

RUTRONIK POWER brings the latest knowledge, scalable solutions and efficient support for innovative power electronic components together – not only in the focus markets:

- Industrial
- eMobility
- Home Appliance

More information:
www.rutronik.com/power

RUTRONIK SMART

Sensors · Wireless · Security · Cloud

Discover the Internet of Things
Design SMART Products

RUTRONIK SMART offers a new range of bundled hardware, software and services. RUTRONIK SMART brings together entire solutions to build applications for:

- Health
- Home
- Retail
- Tracking

More information:
www.rutronik.com/smart
